On diagram below, identify all markings of your animal and enclose a copy of the animal's registration papers or a side view photograph of your project animal. This form must be submitted for each project animal you intend to show at the Fair. If you are not sure which project horse or pony you are planning to show, fill out a form for each possibility.

These forms along with a negative coggins test must be submitted to the Grant County Extension Office. Failure to do so will eliminate the project animal from being shown at the Grant County Fair. This form has been approved by the Grant County 4-H Horse and Pony Committee and Grant County Extension Office.
